

After-School Lego Robotics Class

WHO: Mrs. Moore and students in grades 3 - 6

WHAT: Lego Robotics is a programmable robotic/construction toy, manufactured by the Lego Group. It comes in a kit containing many pieces including sensors and cables. Students will build a robot, create a simple program on the computer telling the robot how to maneuver, sync the program to their robot and watch it go!

WHEN: Beginning January 17th – every Tuesday from 3:30 – 4:30 until February 14th.

WHERE: HCCS Tech Lab #33

COST: \$20 w/\$10 returned at the end of class providing no Kit parts are broken or missing.

OTHER INFO: This class will be available for students in grades 3-6. Defiance County 4-H will provide us with 4 Ev3 kits and students will work in pairs. There will be 8 places available for the class. Registration should be, personally, turned in to Mrs. Carr at the office (not in the M&M) by **Friday, December 16th** and students will be placed in the class on a first come first serve basis.

_____ would like to participate in the After-School Lego Robotics Class.
Student Name/Grade

Please do not include a payment with this form. A reminder will be sent home in January and the payment will be due at that time.
