HCCS Family and Friends,

Our school library is currently going through some very exciting changes! We have purchased a new program to digitally inventory the books! This new program will allow us to search our library for specific topics, authors, and genres. It will make the process of students finding and checking out books much simpler. It also allows the library to send email or text notifications when a book is overdue.

Please fill out and return the form with the current email and phone number that you would like us to notify when your student has an overdue library book.

To get this program up and running, we need to manually sort through our library and scan in every book we wish to keep. We are working to put together a team of volunteers to help streamline this process. We need individuals to help scan books, organize them in collections, repair damaged books, and verify if the content in the books is appropriate for our students. If you are interested in helping improve our library in any of these ways, please indicate that on the form below!

Thank you for your support of the HCCS Library!

Sincerely,

Amy Lantz
